PRESIDENT'S LETTER

Fellow Farmers:

I've been thinking a lot recently about consideration. Many people have noted before that it is ironic that the more we are connected electronically, the more we become disconnected in real life. The physical disconnection of virtual interaction is dehumanizing. We feel less empathy for others. Likewise, when we are driving along the highway, we pass countless other cars and are separated by steel and glass. The same psychology applies, and that leads those who would never act violently otherwise to road rage.

The Ravensworth Farm Facebook page is an invaluable tool for connecting with one another and communicating important, and not so important, information quickly. As great as the Facebook page is, though, it fails to connect us to one another in real life. Serving as President of the Ravensworth Farm Civic Association has been a tremendous blessing for me. I have gotten to know and enjoyed the privilege of working with some wonderful people. It has helped me truly connect with my neighbors, with whom I actually enjoy meeting. And it has not been in the least bit burdensome.

Con't from Pg. 1

One of my goals has been to increase the number of people making and fostering meaningful connections through the Civic Association. I ask everyone in our community to consider taking advantage of the opportunities available to work with the Civic Association. There are several positions open at the moment. Please contact me, if you would like to learn more about these opportunities to build stronger connections with your neighbors and enjoy the rewarding associations available through the Civic Association.

Truly yours,

Allan Robertson, President of the Board

GREEN THUMB GARDEN CLUB

We had 14 ladies attend our November 1 general meeting at Tess Warmka's home with lots of yummy treats, and good conversation. At our meeting we discussed some of our upcoming service projects including the buying and filling of Christmas/Holiday stockings for those children at the Juvenile Detention Center, and the creation of Thanksgiving arrangements with the folks at the Lincolnia Senior Center as part of a Flower Therapy program some of our members participate in. Our next meeting will be our Christmas/Holiday Tea at Ursula's home in early December where we will exchange simple "gardening" gifts and collect donations for Children's Hospital.

Six Garden Club members attended a Kokedama workshop at Botanologica in Falls Church after the meeting. These included Eleanor, Tess, and Margaret. We each created a moss ball to surround the special dirt we mixed in which to plant our chosen plant. We really had a fabulous time creating and learning about this new technique. See a photo of our Kokedama projects at www.ravensworthfarm.org.

New members are welcome to join the Club at any time. Please call Membership Chairperson Agnes Hite at 703-321-4808 for information.

OPEN CIVIC ASSOCIATION POSITIONS

Advertising

This could be a one-person position or a shared position. The duties are to solicit advertising for the community Directory and this Ravensworth Farmer newsletter. The advertising is used to offset the costs of printing and distributing the directory and newsletter. Generally, this is done in the late summer by contacting existing advertisers to nail down their decision to advertise again and by contacting new businesses in the area who might not know about these low-cost means of reaching 856 homes just miles from their business locations. The Advertising Director would collect the annual payment and forward it to the Treasurer. The Advertising Director would also answer emails and calls from others interested in advertising in either of the publications. If you are interested in knowing more, please contact Alan Robertson at prez@ravensworthfarm.org.

Treasurer

This critical Board position prepares the Civic Association's operating budget and other financial plans; manages the financial assets of the Civic Association; prepares the Treasurer's Report for the General Membership and Board of Directors meetings; pays all legitimate debts of the Civic Association. Qualifications include some bookkeeping or accounting background, experience with Excel or similar spreadsheets, clear passage of credit and background checks. If you are interested in knowing more, please contact Alan Robertson at prez@ravensworthfarm.org.

Many thanks to them, and to the outgoing officers for their contributions to the pool in recent years: Teresa Freeland (Swim Team), Scott Houghton (Membership), Stephen Karlinchak (Grounds and Maintenance) and Chris Lewis (Website).

CAN YOU HEAR ME? CROOKED CALLERS RECORDING CONSUMERS' VOICES

The Federal Communications Commission (FCC) is warning consumers about a new phone scam. The fraudulent caller tricks victims to say "yes." The response is later used to authorize unwanted charges on utility or credit card accounts. According to FCC, the fake callers impersonate representatives from organizations that usually provide a service and may be familiar with the person, such as a mortgage lender or utility.

The scam begins when a consumer answers the phone and the person at the other end of the line asks, "Can you hear me?" The caller then records the consumer's "yes" response to get a voice signature. If you receive this type of call, immediately hang up. If you have already responded to this type of call, review all of your statements from your bank, credit card lender or telephone company for unauthorized charges. If you notice unauthorized charges, you have likely been a victim of "cramming."

Consumers should always be on alert for telephone scams. The following tips can help ward off unwanted calls and scams:

- Don't answer calls from unknown numbers. Let them go to voicemail.
- If you answer and the caller (often a recording) asks you to hit a button to stop receiving calls, just hang up. Scammers often use these tricks to identify, and then target, live respondents.
- If you receive a scam call, write down the number and file a complaint with the FCC so they can help identify and take appropriate action to help consumers targeted by illegal callers. File the complaint at www.consumercomplaints.fcc.gov.
- Ask your phone service provider if it offers a robocall blocking service. If not, encourage your provider to offer one. You also can visit www.fcc.gov for information and resources on available robocall blocking tools to help reduce unwanted calls.
- Consider registering all of your telephone numbers in the National Do Not Call Registry at www.donotcall.gov or by calling 1-888-382-1222 from your phone to register (TTY: 1-866-290-4236).

CHIM CHIMNEY SAFETY

While it has probably not been cold enough to start a fire in your fireplace or wood burning stove yet, that time is coming soon.

According to Fairfax County Fire and Rescue Department, if you use a wood-burning stove or fireplace, make sure your chimney is clean and in good working order by having a licensed chimney sweep clean and inspect your chimney. This should be done at least once a year or possibly more if you use them frequently.

A dirty flue in your chimney can eventually result in a chimney fire that can spread to your home and cause significant damage. Please also make sure you use your fireplace or wood-burning stove safely and follow the recommended safety tips below.

1. Never discard hot ashes inside or near the home. Place them in a covered metal container outside and well away from the house.
2. Have a licensed chimney sweep clean and inspect your chimney at least once a year if you use a wood burning stove or fireplace.
3. Place a glass or metal spark screen in front of the fireplace and install caps on chimneys.
4. Never use a flammable liquid (gasoline, kerosene, lighter fluid, etc.) to start a fire or rekindle a small one.
5. Keep paper, clothing, trash, and other combustibles at least three feet away from your furnace, hot water heater, or wood-burning device.

WHAT TO DO WHILE DRIVING DURING A THUNDERSTORM AND HEAVY RAIN

Pull safely onto the shoulder of the road and stop, making sure you are away from any trees or other tall objects that could fall on the vehicle. Stay in the car and turn on the emergency flashers until the heavy rains subside. Heavy rains produced by thunderstorms can greatly reduce visibility. Vehicles will provide better protection from lightning than being out in the open. Emergency flashers will alert other drivers with limited visibility that you have stopped. Keep car windows closed.

Avoid contact with metal or conducting surfaces outside or inside the vehicle. Lightning that strikes nearby can travel through wet ground to your car. The steel frame of a hard-topped vehicle provides increased protection if you are not touching metal. Rubber tires provide no protection from lightning. Avoid contact with potential conductors to reduce your chance of being shocked. Although you may be injured if lightning strikes your car, you are much safer inside a vehicle than outside.

Avoid flooded roadways. Most flood fatalities are caused by people attempting to drive through water, or people playing in high water. The depth of water is not always obvious. The roadbed may be washed out under the water, and you could be stranded or trapped. Rapidly rising water may stall the engine, engulf the vehicle and its occupants, and sweep them away. Look out for flooding at highway dips, bridges, and low areas. Two feet of water will carry away most automobiles.

MEET YOUR NEIGHBORS - BE A BLOCK CAPTAIN

Block captains deliver pre-paid Directory orders and sign up new Civic Association members and deliver Directories on the spot. Forty of your neighbors volunteered last year. However, many streets didn't have active block captains so membership was down- resulting in a significant reduction in budget for Civic Association activities. Sign up for a block near you or be adventurous and visit the other side of the neighborhood! Contact Elissa Myers to be a block captain- 703-321-7590 or elissa@elissamyers.com.

You don't have to be a long-time resident of Ravensworth Farm to greet new neighbors or be a block captain. A friendly face and a few minutes a week are enough.

THOMAS KINDER'S PHOTOGRAPHY A HIT

Many thanks to Thomas Kinder for sharing both his photography and his knowledge with those who attended the October 26 Ravensworth Farm Civic Association General Meeting in person or via Facebook Live. The pictures spanned world travel, local sports teams, pets, portraits, and Lake Accotink. Your editor's favorite pictures included a dog whose eye was so in focus that it reflected an image of the photographer and another of a young deer and a raccoon getting acquainted just before sunrise. For those of you who missed the presentation but would like to see his photographs, full resolution images of Mr. Kinder's slides are on his website at <http://www.pixjrpics.com>.

SHOVELING HELP

As we anticipate the arrival of winter, keep your older neighbors and students in mind as you shovel. If you are able, help our seniors clear their sidewalks. Also, please shovel your sidewalk and create paths to cross streets before school restarts after snow days so that our kids can get to school without walking in the streets. If you need to find a teen to shovel your sidewalk or driveway, consult the list of teens willing to do odd jobs that’s in The Ravensworth Farm Directory. Don’t have a directory? Join the Civic Association now and get your very own copy so you can be prepared for snow days.
